

KAREEM MOHAMED HANAFY

Full-Stack Web Developer | React | Next.js | TypeScript | PostgreSQL

Menoufia, Egypt | +20 104 425 8597 | karimhnfy1@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full-Stack Web Developer with strong frontend depth and hands-on experience building and shipping production web platforms for Egyptian and Saudi businesses. Experienced across responsive UI, multilingual RTL/LTR systems, REST APIs, authentication, relational data, custom admin dashboards, and production deployment. Work spans end-to-end client systems and mature product builds using React, Next.js, TypeScript, Node.js, PostgreSQL, Prisma, Supabase, PHP/Laravel, and MySQL.

PROFESSIONAL EXPERIENCE

Independent Web Developer | Freelance & Contract Work - Remote | 2025 - Present

- Built and shipped production web platforms for Egyptian and Saudi businesses, covering requirements, frontend and backend implementation, database-backed workflows, QA, deployment, and handoff.
- Built Nexus Capital and FourMap end-to-end as full-stack business platforms, each with a custom admin dashboard for managing production content and operational data.
- Delivered multilingual RTL/LTR experiences, responsive interfaces, API/database integrations, authentication and authorization flows, SEO, media workflows, and production deployment.
- Also delivered large frontend/API work including Menoufia University Portal and ongoing product development across e-commerce, SaaS-style, and PWA systems.

SELECTED PROJECTS

Nexus Capital | Real Estate Platform & Admin System | React, Vite, Laravel/PHP, MySQL

- Built the production real-estate platform end-to-end with searchable property and project experiences, multilingual content, database-backed workflows, and a complete custom admin dashboard for business content management.

FourMap | Saudi Engineering Website & Custom CMS | PHP, MySQL, PDO, JavaScript, Bootstrap

- Built and deployed the Arabic RTL business platform end-to-end with services, articles, consultation flows, authentication, uploads, SEO controls, and a complete admin dashboard for managing site content and settings.

Kidorly | Multilingual E-Commerce Platform | Next.js 16, TypeScript, Prisma, PostgreSQL

- Built a mobile-first Arabic/English/German storefront and protected admin system with catalog and order management, server-verified checkout, authentication, localized SEO, shipping, discounts, and media workflows.

OVRD | Training PWA | Next.js 16, TypeScript, Supabase/PostgreSQL, RLS, IndexedDB

- Built a mobile-first training product with authentication, workout plans, logging, history, progress workflows, offline-aware storage/synchronization, and consistent domain rules over a shared PostgreSQL-backed data model.

TECHNICAL SKILLS

Frontend: JavaScript, TypeScript, React, Next.js, HTML, CSS, Tailwind CSS, Responsive UI, Accessibility, i18n/RTL

Backend & Data: Node.js, REST APIs, PostgreSQL, Prisma, Supabase, Authentication, Authorization/RBAC, RLS, PHP, Laravel, MySQL
